INTERNATIONAL ORGANIZATION FOR MIGRATION FINANCIAL REPORT FOR THE YEAR ENDED 31 DECEMBER 2000 FINANCIAL HIGHLIGHTS

Overview

The high level of project activity experienced in 1999 continued during 2000. Post-emergency programmes in Kosovo, East Timor and Central America were carried over into 2000 and supplemented by new projects elsewhere. Expenditure remained at a high level and amounted to over USD 286 million for the Administrative and Operational Programmes combined. Under the Operational Programmes, despite the challenge of managing a diverse project base in over 80 countries, IOM was able to preserve a balanced budget and avoid a material deficit. Under the Administrative Programme, zero nominal growth continued for a fifth consecutive year. Although this constraint often stretched resources to the limit, due to efficient management and an improvement in the payment of Member State contributions in arrears, IOM was able to remain virtually within the bounds of available resources.

Total expenditure under both the Operational Programmes and the Administrative Programme for 2000 and 1999 is summarized below:

	2000	1999
	USD	USD
	(in millions)	(in millions)
Operational Programmes	266.1	271.8
Administrative Programme	<u>20.5</u>	_22.5
Total expenditure for the year	<u> 286.6</u>	<u> 294.3</u>

Operational Programmes Overview

The total number of IOM assisted movements for 2000 and 1999 is summarized below:

	2000	1999
Regular movement programmes	242,800	337,400
Mass migration programmes	<u>207,900</u>	<u>93,300</u>
Total movements	<u>450,700</u>	430,700

The total number of movements increased by five per cent from 1999 to 2000. There was a substantial increase in mass migration programmes in 2000, mostly in the South West Asian region where movements under the Afghan Repatriation Programme grew from 16,445 in 1999 to 159,200 in 2000. This increase, however, was largely offset by a decline in movements in the Balkans and East Timor. The conclusion of the Kosovo Humanitarian Evacuation and the initial emergency phase in East Timor accounted for a decline of approximately 100,000 movements in 2000, compared to the high levels experienced in 1999.

In 2000, the Operational Programmes were virtually balanced, with only a very small deficit remaining (USD 24,000). The Administration remains committed to the objective of achieving a balanced budget and striving to undertake fully-funded project activities only.

INTERNATIONAL ORGANIZATION FOR MIGRATION FINANCIAL REPORT FOR THE YEAR ENDED 31 DECEMBER 2000 FINANCIAL HIGHLIGHTS (continued)

Total expenditure amounted to USD 266.1 million in 2000, only slightly less than USD 271.8 million in 1999. Transportation expenditure was USD 25.2 million lower in 2000 because of the number of special emergency transportation operations which occurred in 1999. Much of this decrease, however, was offset by increased operational expenditure in other categories due to expansion in other migration activities.

Total staff and office costs increased by USD 11.9 million from USD 64.0 million in 1999 to USD 75.9 million in 2000. This was principally due to a change in the mix of IOM's projects which were less focused on transportation than in 1999. Many of the activities undertaken during 2000 were more labour-intensive than traditional transportation programmes. Significant increases in project staff and office costs were registered in Kosovo (USD 9.2 million) and Timor (USD 2.5 million) as these Missions experienced their first full year of operation and gradually shifted focus from emergency transport to longer-term post-conflict assistance.

Operational Programmes - Comparison of 2000 to 1999 Expenditure by Region

Total expenditure, by region, under the Operational Programmes, is summarized below:

	2000	1999
	USD	USD
	(in millions)	(in millions)
Operational Programmes, by Region		
Asia and Oceania	30.4	30.0
Europe	166.4	161.0
Africa and the Middle East	34.0	26.0
Americas	29.9	48.7
Core Staff and Services and General	<u>5.4</u>	<u>6.1</u>
Programme Support		
Total Operational Expenditure	<u>266.1</u>	<u>271.8</u>

Although expenditure in 2000 was similar in level to 1999, there were a number of variations within and between regions:

- Total operational expenditure for Asia and Oceania remained almost unchanged. However, within Asia and Oceania there were reductions in certain activities (notably the US Resettlement Programme, the Orderly Departure Programme and Timor Voting) and increases in other areas (Afghan Repatriation Programme and Timor post-emergency capacity-building activities).
- The increase of USD 5.4 million (or three per cent) for Europe principally related to the continued high level of operations in Kosovo, following the initial emergency in 1999, and a reclassification of certain return activities from the Americas to Europe. Return activities continued in 2000, as well as various capacity-building activities in the Balkans.

INTERNATIONAL ORGANIZATION FOR MIGRATION FINANCIAL REPORT FOR THE YEAR ENDED 31 DECEMBER 2000 FINANCIAL HIGHLIGHTS (continued)

- IOM's largest growth region in 2000 was Africa and the Middle East, showing an increase of USD 8 million (31 per cent). This reflected an expansion in traditional resettlement programmes. Refugee admissions to a number of countries increased significantly for Africa. This was offset somewhat by the conclusion of the Return of Qualified African Nationals Programme in 1999.
- The significant decrease for the Americas of USD 18.8 million (39 per cent) was mostly due to the reduction in Kosovar refugee processing in 2000 and a reclassification of this activity as it was more appropriately reflected under Europe. Excluding this programme, activity levels decreased slightly from 1999 due mainly to reduced activities in Guatemala, post-Mitch operations and technical cooperation activities in Argentina.
- Expenditure under Global Activities and Overhead decreased by USD 0.7 million (12 per cent). This was primarily due to the reclassification of certain activities to regional areas in 2000.

Administrative Programme

The number of Member States increased further during 2000 totalling 79 at the end of 2000 compared to 71 at the end of 1999.

Under the Administrative Programme, zero nominal growth continued for a fifth consecutive year. By generating savings and achieving efficiencies, the Administration was able to contain expenditure within the limits of most budget line items. The main line item that exceeded the budget (by CHF 0.6 million) was terminal emoluments. This item varies according to the number of staff retirements and is therefore difficult to control. As a result, total expenditure was CHF 0.8 million (or two per cent) above the budget of CHF 34,060,000.

Although expenditure exceeded budget, the Organization did not face a material funding shortage in 2000 due to an improvement in the rate of payment of assessed contributions by Member States in arrears. As a result of payments of arrears by certain Member States, there was a decrease in the provision for doubtful receivables in 2000 by CHF 899,000. Assessed contributions requiring a provision declined to CHF 3,374,000 at 31 December 2000 compared to CHF 4,273,000 at 31 December 1999. This improvement coupled with the contributions received from new Member States of CHF 96,000 offset excess expenditure so that at 31 December 2000 there was an overall deficit of some CHF 24,000 in the Administrative Programme. Had it not been necessary to absorb a deficit of CHF 250,000 carried forward from 1999, the Administrative Programme would have had a surplus of some CHF 226,000.

It should be noted that at the end of December 2000 the total outstanding assessed contributions were CHF 7,391,000. A limited number of States account for the principal part of the overdue amounts. Action plans are being reviewed to encourage payment by Member States in arrears (see Appendix 4, page 22, for a list of outstanding assessed contributions at 31 December 2000).

INTERNATIONAL ORGANIZATION FOR MIGRATION FINANCIAL REPORT FOR THE YEAR ENDED 31 DECEMBER 2000 REPORT OF THE EXTERNAL AUDITORS

The attached financial statements of assets, liabilities and funds, expressed in US dollars and of resources and expenditure, expressed in US dollars and in Swiss francs, of the International Organization for Migration, Geneva, for the year ended 31 December 2000 have been audited by us in accordance with Article 12.1 of the Financial Regulations. We have obtained all the information and explanations that we have required and, as a result of the audit, we report that in our opinion the statements and related notes on pages 6 to 15 give a true and fair view of the resources and expenditure of the Organization's programmes and funds for the year ended 31 December 2000 and of its financial position at that date.

Operational and Administrative Programmes were virtually balanced. Expenditure in the Operational Programmes exceeded available resources by USD 24,352 and this underfunding had to be carried forward to 2001. In the Administrative Programme expenditure exceeded resources by CHF 23,854. This amount was carried forward to 2001.

An amount of approximately USD 118,000 was misappropriated in Kosovo principally due to a fraudulently produced and cashed check by two former IOM staff.

As reported last year, investigations concerning the FONAPAZ Fiduciary Fund in Guatemala noted questionable and unsupported disbursements. In reaction IOM took efforts to strengthen the level of control and revised the agreement specifying the terms of cooperation between IOM and the Government of Guatemala – FONAPAZ. FONAPAZ funds decreased significantly. Despite the improvements reached in 2000, audits still indicate weaknesses in controlling systems that need to be addressed by the Administration. Reviews of the programmes continue.

INTERNATIONAL ORGANIZATION FOR MIGRATION FINANCIAL REPORT FOR THE YEAR ENDED 31 DECEMBER 2000 GENERAL NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - CONSTITUTION AND STRUCTURE OF THE ORGANIZATION

The Organization was created in December 1951 and started its operations in early 1952 as the Intergovernmental Committee for European Migration. Its Constitution was adopted on 19 October 1953 and came into force on 30 November 1954. Certain amendments were made to the Constitution, effective 14 November 1989, and the name of the Organization was changed to International Organization for Migration. The Organization possesses full juridical personality and has its Headquarters in Geneva.

The Organization comprised 79 Member States as at 31 December 2000 (71 at the end of 1999).

The established organs of the Organization are the Council, the Executive Committee and the Administration. The Council, on which each Member State has one representative and one vote, is the highest authority of the Organization and determines its policies. The Executive Committee, comprising at present sixteen Member States elected for two-year periods, examines and reviews the policies, operations and administration of the Organization. The Administration, comprising a Director General, a Deputy Director General and such staff as the Council may determine, is responsible for the administrative and executive functions of the Organization, in accordance with the Constitution and the policies and decisions of the Council and the Executive Committee. The Director General is the highest executive official of the Organization, and is elected by the Council for a period of five years.

NOTE 2 - PURPOSES AND FUNCTIONS OF THE ORGANIZATION

IOM is committed to the principle that humane and orderly migration benefits migrants and society, and acts to: assist in meeting the operational challenges of migration; advance understanding of migration issues; encourage social and economic development through migration; and work towards effective respect of the human dignity and well-being of migrants.

In accordance with the Constitution, the purposes and functions of the Organization are:

- (a) to make arrangements for the organized transfer of migrants, for whom existing facilities are inadequate or who would not otherwise be able to move without special assistance, to countries offering opportunities for orderly migration;
- (b) to concern itself with the organized transfer of refugees, displaced persons and other individuals in need of international migration services, for whom arrangements may be made between the Organization and the States concerned, including those States undertaking to receive them;
- (c) to provide, at the request of and in agreement with the States concerned, migration services such as recruitment, selection, processing, language training, orientation activities, medical examination, placement, activities facilitating reception and integration, advisory services on migration questions, and other assistance in accordance with the aims of the Organization;

INTERNATIONAL ORGANIZATION FOR MIGRATION FINANCIAL REPORT FOR THE YEAR ENDED 31 DECEMBER 2000 GENERAL NOTES TO THE FINANCIAL STATEMENTS (continued)

- (d) to provide similar services as requested by States, or in cooperation with other interested international organizations, for voluntary return migration, including voluntary repatriation;
- (e) to provide a forum to States as well as international and other organizations for the exchange of views and experiences, and the promotion of cooperation and coordination of efforts on international migration issues, including studies on such issues in order to develop practical solutions.

NOTE 3 - FINANCIAL REGULATIONS AND FORMAT OF THE FINANCIAL REPORT

The Financial Regulations require the Organization to issue an annual financial report comprising statements of (a) assets and liabilities, (b) resources and expenditure for the Operational Programmes, (c) resources and expenditure for the Administrative Programme and (d) such other information as is considered necessary to show clearly the financial position and the resources and expenditure of the Organization's activities.

The actual detailed format of the financial report is not specified in the Financial Regulations and, since IOM is a large, complex and very specialized organization, there is no standard format that can be readily applied. The main criterion is that the financial report should present fairly the resources and expenditure and the financial position.

The Organization's principal accounting records are maintained in US dollars and, in accordance with the Financial Regulations, the annual financial report is presented in US dollars. However, the Financial Regulations also require that the Administrative Programme be presented in Swiss francs, as administrative income and expenditure is largely in Swiss francs.

NOTE 4 - SIGNIFICANT ACCOUNTING POLICIES

The Organization's accounting and financial policies are governed by Articles 24, 25 and 26 of its Constitution, and further by the Financial Regulations adopted by the Council in accordance with Article 26. The significant policies are as follows:

Accounting records and foreign currencies

The main accounting records are maintained in US dollars as required by the Financial Regulations as the majority of transactions take place in this currency. Transactions in foreign currencies are expressed in US dollars at the prevailing monthly UN rate of exchange. This is the generally accepted standard in use by most international organizations. Foreign currency assets and liabilities at 31 December 2000 are expressed in US dollars at the UN rate of exchange established on that date. Foreign exchange gains and losses, whether realized or unrealized, are recorded in the appropriate Programme.

INTERNATIONAL ORGANIZATION FOR MIGRATION STATEMENT OF ASSETS, LIABILITIES AND FUNDS AS AT 31 DECEMBER 2000 EXPLANATORY NOTES

NOTE 1 - STATEMENT OF ASSETS, LIABILITIES AND FUNDS

The statement incorporates the entire assets, liabilities and balances of funds available to the Organization except for the assets and liabilities of the Provident Funds and the Fiduciary Fund. Although the Organization has responsibility for managing the Provident Funds, the assets of these funds strictly belong to staff members and are therefore distinct from the Organization's assets. The financial statements of the IOM Staff Provident Funds are shown separately under appendix 10 (pages 29-31). The Government of Guatemala - FONAPAZ Fiduciary Fund is also shown separately under appendix 11 (pages 32-33).

NOTE 2 – BANK AND CASH

The Organization holds all its cash in common accounts without distinguishing between cash held for its own account and that held on behalf of contributors to the various programmes. In accordance with the Financial Regulations, funds not needed for immediate requirements are placed in short-term deposits or investments and the interest earned is credited to the appropriate programmes.

NOTE 3 - PROMISSORY NOTES

The amount of USD 33,000,000 is the estimated recoverable value of promissory notes signed by refugees who were moved under the terms of the IOM Refugee Loan Fund. See appendix 5 (pages 23 and 24) for further information, including evaluation of the promissory notes.

NOTE 4 - FIXED ASSETS

Headquarters building

The Headquarters building in Geneva was purchased in 1984 at a cost of CHF 18,000,000. The building is situated on land leased from the Canton of Geneva for a period of 99 years at a nominal cost of CHF 1.

The cost of the building is fully financed by a Swiss Government loan, which effective from 1 January 1996 is interest free. The loan is repayable over 50 years, until 2033. The repayment for 2000 was CHF 368,600 (1999: CHF 353,269).

INTERNATIONAL ORGANIZATION FOR MIGRATION STATEMENT OF ASSETS, LIABILITIES AND FUNDS AS AT 31 DECEMBER 2000 EXPLANATORY NOTES (continued)

NOTE 4 - FIXED ASSETS (continued)

The accounting policy for the building is to depreciate it over the period of the loan, the annual depreciation being equivalent to the loan principal repayments. The building and the corresponding Swiss franc loan are translated into US dollars at the year-end rate of exchange as follows:

		2000 CHF	1999 CHF
Building at cost Accumulated depreciation Net book value at 31 December 2000		18 000 000 (5 836 172) 12 163 828	18 000 000 (5 467 572) 12 532 428

Mission buildings

The Organization owns five Mission office buildings in Argentina, Australia, Bolivia, Chile and Peru. Three of the buildings are fully depreciated. The remaining two buildings, in Chile and Australia, are being depreciated at five per cent per annum.

NOTE 5 - STAFF TERMINAL EMOLUMENTS

At its Seventy-second Session in November 1996, the Council adopted a budgetary method of funding terminal emoluments in the Administrative Programme. Under this method, terminal emolument payments are funded by a yearly allotment in the Administrative Programme based on the anticipated entitlements for staff departing in the upcoming year. For 2000 the budget for terminal emoluments was CHF 560,000 (1999: CHF 515,000), whereas the actual terminal emolument payments for 2000 were CHF 1,122,088 (1999: CHF 771,083). The number of staff departing and the entitlements required cannot be fully anticipated at the time of the budget preparation, but the additional entitlements have been covered by savings from other line items in the Administrative Part of the Budget.

INTERNATIONAL ORGANIZATION FOR MIGRATION STATEMENT OF ASSETS, LIABILITIES AND FUNDS AS AT 31 DECEMBER 2000 EXPLANATORY NOTES (continued)

NOTE 5 - STAFF TERMINAL EMOLUMENTS (continued)

At 31 December 2000 the estimated accrued liability for severance pay and other emoluments payable to staff when they retire or leave the Organization under the Administrative Programme amounted to USD 7,203,950 (1999: USD 6,490,743).

Under the Operational Programmes, the reserve of USD 11,490,742 at 31 December 2000 (1999: USD 10,103,991) is sufficient to cover the entire estimated accrued liability for severance pay and other emoluments which are payable to staff members when they retire or leave the Organization.

NOTE 6 - LOANS FROM MEMBER STATES

A cash reserve, which consists of interest-free loans from Member States, was established by Resolution No. 70 adopted on 30 April 1954. The loans are for the purpose of providing the Organization with a cash reserve to cover temporary liquidity problems in the Administrative or Operational Programmes. The cash reserve is governed by Article 14 of the Financial Regulations.

NOTE 7 - FUNDS AVAILABLE FOR ONGOING OR FUTURE OPERATIONS

The total funds available of USD 100,091,106 (1999: USD 87,802,350) are earmarked by the contributors for specific ongoing or future operations. These funds can only be used for their designated purpose.

NOTE 8 - IOM MIGRANT LOAN FUND

The IOM Migrant Loan Fund was established, pursuant to Resolution No. 210 (XII) dated 12 May 1960, to finance, in part or in full, by interest-free loans secured by promissory notes, the cost of transport and related services for national migrants. The Fund is administered in accordance with the regulations contained in document MC/743/Rev.1, dated 8 December 1965, as approved by Resolution No. 354 (XXIV).

NOTE 9 – CONTINGENCY RESERVE

The use of the contingency reserve is governed by Resolution No. 413 (XXVIII) which was adopted by the Council on 17 November 1967.
