# SUMMARY UPDATE ON THE PROGRAMME AND BUDGET FOR 2019

## INTRODUCTION

1. The Summary update on the Programme and Budget for 2019 presents an update to the Programme and Budget for 2019 (C/109/6/Rev.1) and the Revision of the Programme and Budget for 2019 (S/24/6). Based on the current available funding, adjustments have been made in the present document to reflect the funding status and projected level of activities that are being undertaken during the course of 2019.

2. The Administrative Part of the Budget remains unchanged at CHF 52,240,024, as approved in document S/24/6.

3. The Operational Part of the Budget has increased from USD 1.660 billion to USD 2.045 billion owing to additional funding received for ongoing projects and new activities initiated since the approval of the Revision of the Programme and Budget for 2019 (S/24/6). The increase of USD 385 million is primarily due to significantly higher levels of project activity for services provided under Movement, Emergency and Post-crisis Migration Management, Migration Health, Regulating Migration and Facilitating Migration.

4. The level of Operational Support Income (OSI) is maintained at USD 101.4 million, which includes a drawdown from the OSI reserve of USD 5.4 million. With the level of activities reported in this document, the estimated OSI will be achieved by the end of the year.

5. The drawdown of USD 5.4 million was approved in Standing Committee on Programmes and Finance Resolution No. 21 of 19 June 2019 on Revision of the Programme and Budget for 2019. Some of the activities being funded from the drawdown will not be fully completed in 2019 and will consequently be carried forward to the next financial year. The Administration will report accordingly in the financial statements.

6. The present document includes a summary of the application and financing of the Administrative Part of the Budget, namely the object of expenditure table and the scale of assessment and contributions table. It also includes a summary of the revised Operational Part of the Budget, a table listing anticipated voluntary contributions, a geographical breakdown providing a regional overview and a summary table of the sources and application of Operational Support Income.

## OVERVIEW

9. The total Operational Part of the Budget is estimated at USD 2.045 billion, which represents an increase of USD 385 million, or 23 per cent, compared with the approved Revision of the Programme and Budget for 2019 (S/24/6) with its total budget of USD 1.660 billion. Adjustments have been made in the present document to reflect the projections for funded activities being implemented by the Organization until the end of 2019.

10. An updated list of anticipated voluntary contributions from donors for projects under the Operational Part of the Budget for 2019 is shown on pages 15 and 16.

11. A brief summary explaining the revised budget by programme area is outlined below, and a table showing the geographical breakdown is provided on page 17. All programme areas and regions show increases in the level of activities, with the exception of Migration and Development.

12. A summary of the sources and application of the OSI of USD 101.40 million is provided on page 18.

### **Movement, Emergency and Post-crisis Migration Management**

13. Budgeted resources have increased from USD 823.45 million to USD 1,171.24 million. The net increase of USD 347.79 million is mainly due to refugee resettlement assistance in Sweden and the United Kingdom, humanitarian assistance provided to internally displaced populations and conflict-affected populations in Bangladesh, Bosnia and Herzegovina, Ethiopia, Greece, Iraq, Libya, Somalia, Venezuela and Yemen, and community stabilization initiatives in Iraq and Syria.

### **Migration Health**

14. Budgeted resources have increased from USD 162.64 million to USD 183.86 million. The increase of USD 21.22 million relates mainly to health-care intervention activities, particularly in Bangladesh, Colombia, the Democratic Republic of the Congo and Yemen.

### **Migration and Development**

15. Budgeted resources have decreased from USD 125.07 million to USD 41.79 million. The decrease of USD 83.28 million is mainly a result of changes in accounting policy which mean that the activities being implemented in Peru related to large infrastructure programmes will be reclassified. Therefore, funds received from the Government of Peru, other than general programme support activities, will be excluded from the budget. Although this part of the budget shows a net decrease, there have also been increases in some areas, including for programmes related to the developmental impact of safe migration in Belgium, Morocco, Sierra Leone, Tunisia and Somalia.

### **Regulating Migration**

16. Budgeted resources have increased from USD 443.73 million to USD 502.95 million. The increase of USD 59.22 million relates primarily to strengthening migration governance, and the protection and return of migrants, particularly in Germany, Greece, Indonesia, Italy, Senegal and Turkey.

### **Facilitating Migration**

17. Budgeted resources have increased from USD 60.41 million to USD 88.56 million. The increase of USD 28.15 million relates mainly to migration activities in Thailand, protection services in Greece and Tunisia, travel assistance under self-payer programmes in Chile and Mongolia and visa-processing support activities globally.

### **Migration Policy, Research and Communications**

18. Budgeted resources have increased from USD 5.63 million to USD 9.91 million. The increase of USD 4.28 million relates primarily to migration policy activities and research focused on migration dynamics, trends and policies.

### **Land, Property and Reparation Programmes**

19. Budgeted resources have increased from USD 11.46 million to USD 14.81 million. The increase of USD 3.35 million is mainly due to reparation operations related to land restitution policies for internally displaced persons and the strengthening of institutions providing support, including psychosocial and physical rehabilitation, to vulnerable populations in Colombia.

### **General Programme Support**

20. Budgeted resources have increased from USD 27.71 million to USD 32.08 million. The increase of USD 4.37 million relates mainly to various projects to strengthen IOM's internal control mechanisms and project management capacity.
